silent partners restores women to their place in the story of england s financial revolution women were active participants in london s first stock market beginning in the 1690s and continuing through the eighteenth century whether playing the state lottery investing in government funds for retirement or speculating in company stocks women regularly comprised between a fifth and a third of public investors these female investors ranged from london servants to middling tradeswomen up to provincial gentlewomen and peeresses of the realm amy froide finds that there was no single female investor type rather some women ran

risks and speculated in stocks while others sought out low risk low return options for their retirement years not only did women invest for themselves their financial knowledge and ability meant that family members often relied on wives sisters and aunts to act as their investing agents moreover women's investing not only benefitted themselves and their families it also aided the nation women's capital was a critical component of britain's rise to economic military and colonial dominance in the eighteenth century focusing on the period between 1690 and 1750 and utilizing women's account books and financial correspondence as well as the records of joint stock companies the bank of england and the exchequer silent partners provides the first comprehensive overview of the significant role women played in the birth of financial capitalism in britain

diversification provides a well known way of getting something close to a free lunch by spreading money across different kinds of investments investors can earn the same return with lower risk or a much higher return for the same amount of risk this strategy introduced nearly fifty years ago led to such strategies as index funds what if we were all missing out on another free lunch that's right under our noses inlifecycle investing barry nalebuff and ian ayres two of the most innovative thinkers in business law and economics have developed tools that will allow nearly any investor to diversify their portfolios over time by using leveraging when young a controversial idea that sparked hate mail when the authors first floated it in the pages of forbes investors of all stripes from those just starting to plan to those getting ready to retire can substantially reduce overall risk while improving their returns inlifecycle investing readers will learn how to figure out the level of exposure and leverage that's right for you how the lifecycle investing strategy would have performed in the historical market why it will work even if everyone does it when not to adopt the lifecycle investing strategy clearly written and backed by rigorous research lifecycle investing presents a simple but radical idea that will shake up how we think about retirement investing even as it provides a healthier nest egg in a nicely feathered nest

kurt vonnegut is one of the most popular and admired authors of post war american literature famous both for his playful and deceptively simple style as well as for his scathing critiques of social injustice and war criti
